

Eco-Lomella® Pro-Tec Velvet Wall Protection  
**CARE & MAINTENANCE**

**TO PREVENT POTENTIAL DAMAGE TO YOUR WALL PROTECTION, PLEASE FOLLOW OUR RECOMMENDED CLEANING INSTRUCTIONS CAREFULLY.**

Eco-Lomella Pro Tec Velvet can be cleaned by using the following instructions:

1. Light soil, crayon, pencil, lipstick, blood and other mild staining agents can typically be removed by using a soft cloth with mild soap and water. Additional household cleaners could be used, such as Green Works All- Purpose Cleaner, Seventh Generation Multi-Surface Cleaner, and Mrs. Meyer's All-Purpose Cleaner or an equivalent product. A Mr. Clean Magic Eraser can be used in conjunction with any of these cleaners. Always scrub with the grain of the wall protection. The cleaned surface should always be "rinse wiped" with clean water and dried to remove any remaining residue.

2. Stubborn stains, ball point pen, permanent marker, dry erase marker, paint, and shoe scuffs can usually be removed by using a Mr. Clean Magic Eraser in conjunction with a product like Spartan Graffiti Remover SAC. Again, always scrub with the grain, "rinse wipe", and dry.

- Do not use methyl ethyl ketone (MEK), cleaners containing MEK, bleach or any other cleaners containing harsh solvents on any Eco-Lomella or Lomella product. Powdered cleansers are not recommended as they are abrasive and tend to leave a troubling residue if not utilized properly.

- Do not use Scotch-Brite, Brillo, S.O.S. pads or steel wool on any Eco-Lomella or Lomella products.
